Second Annual Angelfest

RIDING SEASON KICKS OFF WITH *'105th Anniversary Ride for ALS'*

CLINTON TWP, MI - Wolverine Harley-Davidson is once again partnering with the Muscular Dystrophy Association, official charity of the Harley-Davidson Motor Company, to hold a destination ride to benefit ALS research. Kicking off the riding season on Sunday, May 18th, 2008, the *'105th Anniversary Ride for ALS'* is a destination ride that begins at Wolverine Harley-Davidson and includes stops at two Macomb County locations featuring free activities for all riders. The event will culminate at the Mall at Partridge Creek, where riders will have the opportunity to sample complimentary cuisine from participating restaurants including new to the area P.F. Chang's, Brio Tuscan Grille, and Max & Erma's. Prize drawings and other activities will be held at the mall's new facility. All proceeds from this event will fund research to find a cure for ALS, better known as Lou Gherig's disease. Look for more details on www.wolverinehd.com and in Wolverine Harley-Davidson's April mailer.
