

# Beltway Companies

***\$aving green with our promise to you!***

Bring your truck in for service by 1p.m., and we promise to have the problem diagnosed within four hours. We will then call or email you and inform of the repairs needed, offer a rental unit and give an estimate of cost when the unit will be ready for pick up. If the unit is received after 1 p.m., we promise to follow up by 9 a.m. of the next day. Also receive a free “Green” check up.

**The Beltway Companies are so confident, we will pay you \$100 if this promise is not kept.**

**A New Truck is a "Green" Truck**
